

### B.Voc Field trip to regional Potato Farm.

With the experience of an unwanted guest which could not be foreseen by anyone, all of us had been confined at home at our four walls. In order to Refresh our minds and body the Department of B.Voc went for a Trip at Regional Potato Farm, Manipur on 1<sup>st</sup> April 2021. Where there were two local guides. Altogether 26 students and 1 faculty went for the trip.

The details of the participants are

## REPORT ON FIELD TRIP ORGANISED BY DEPARTMENT OF ENGLISH & HISTORY ON 29<sup>TH</sup> MARCH, 2021.

Field trips serve one vital function as far as education is concerned. It links the classroom experience with the outside world and in doing so, they not only improve learning, but also give both the learner and educator valued practical experience. College trips are important for educational and recreational time.

The Department of English and Department of History (6 teachers and 30 students) set out for a field trip to Barak Valley, on 29th March, 2021 under the theme "Spring Break". Early in the morning the students and the teachers gathered at MITE, and headed towards our destination with thrill and excitement in our college bus. In line with the theme "Spring Break" the place was rightly chosen-"Besho". It indeed was a beautiful place with mountain ranges on all sides.

There began the real feeling of the spring time at the diversion of road, at Mao Gate towards our destination. The winding route, verdant landscape and greenery on both the sides had induced in us the spark of the beauty of spring. Though we travelled for a couple of hours, we were still energetic when we reached the spot because of the pleasant scenery around. After having arrived the place we immediately began the preparation for our breakfast since we were already late. All the students put their hands together and prepared it within no time. We then had our breakfast and prepared for lunch. For this the students were divided into groups and were given different chores, like cleaning, cutting and cooking the vegetables and dishes. The division of the group was to enhance team work and to know each other better. Time was given to explore the scenic beauty of the place. The strong wind, small hillocks, gently flowing river and the newly shooting grass were worth admiring. We took lots of pictures, marvelled at the beautiful creation of God, had fun time together, shared our meal and concluded the day with the photo session. It was truly a joyful, inspiring and encouraging experience.

The aim of the fieldtrip was to refresh, connect, and unwind the mind and have the meaningful experience of building bonds. The trip ended but the memories will still linger on...indeed it was a memorable one.
