1. Students get the opportunity to participate in internship, student exchange, field visit and field trips.

1.a. If you do not receive the opportunity to participate in Internship, Students exchange, field trip and field visit Kindly give your suggestions to improve.

(Response from the students)

Sufficient time should be given.

We should get the opportunity to participate in internship, field trip etc so that we can have fun and live our college life peacefully.

We are given the opportunity to go only during weekends, and the college doesn't provide bus for field trips.

It will be better if both general and honours get to go on a field trip together once in a year.

It will be good if the college allows the students to go on a field trip outside of state.

We should give opportunities to the students for field trip etc to give more education.

The college should give chance to the students to visit for field trips or excursions.

The college should provide atleast 20 to 30% of support to the particular trip.

There should be given each and every one opportunity in any activities.

We do get the opportunity but very less sponsorship from the college.

To help in sponsorship or let the students go out of the state.

Yes i got the opportunity to participate in field trip.

The college should give opportunity to go for excretion.

The opportunities given are very useful and educative.

It will be a great loss to me for joining the college.

Make it mandatory for all to participate in it.

To plan wisely with the knowledge of students.

Adjustment of schedule need to improve alot.

Zero sponsorship from the college.

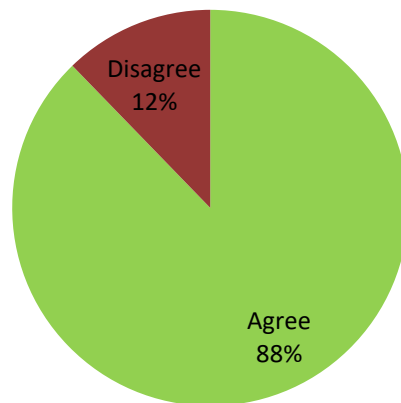

To plan wisely with their opinion.

To bring more exchange students.
