- Not much. Hostellers should be provided with solar inverter because the current out there is unpredictable.
- Yes, as a family member of the hostel I'm quite satisfied with it. In M1 hostel we often get the same dish. Lately there's a improvement and hope this thing will continue for the upcoming semester. Most of the hostelles prefer pork but this doesn't mean that pork should be provided all the time. Last but not the least, we want to bath with hot water during winter so please look into it before winter comes . Thank you!

- We wanna see a good and fair attendance review in our college. Attendance that has been reviewed by our office assistant so far is not fair at all, how can a person with so many absent records have a 100% attendance, and students with no absent records have 85% attendance do you guys think it's fair? If the reviewer is not doing his or her job properly then please replace it and hire a person who can do the job fairly. There's lots of people who can be committed to their jobs.
- Keep up with the same work
- Teachers should have a lot of experiences in teaching and making the students understand his/her lessons
- So far no suggestion but maybe someday
- I would like to suggest that more importance should be given and focus on the present scenario and look after the needs of the students.
- Not as such, since it's operating pretty fine.

16. Please provide if there is any additional suggestions or areas that needs improvement in your college (on over all perspective) ?

- Reduction on bus fees base on the distance from the pick up point to the college.
- Too much of collection and fines and stop collecting exam fees twice in one semester (first collection is deducted during admission with student welfare fee and the second collection before end semester) it's not fair we've never seen a college under Nagaland University collecting exam fee twice in one semester so we want to see changes if not we'll be bound to lodge a complaint against to it (ANSU) as our students rights.

- Bus Fare:- The bus fare for the month of May, was collected in full.... while we went to college only for 7 days. College must, calculate and deduct only the required amount...It is unfair to pay the extra amount.
- Passing Opinions:- Opinions/suggestions given by students must be heard, irrespective of the student being intelligent/weak.
- Syllabus Change:- Syllabus for subjects keep on changing twice/thrice, even few weeks before the Pre-Semester Examination . How are we supposed to study, without the syllabus being completed. It impacts both the Teachers and students, creating a huge gap in the learning process.
