MY COLLEGE JOURNEY

Life is like a roller coaster, full of twists and turns, ups and downs, and full of surprises. But when life journey is smooth, life is beautiful. Our college life is just as exciting where we experience ups and downs like being on a roller coaster ride. There were exciting moments along with stressful, anxious, nervous, frightening and victorious moments. The college years are genuinely surprising and a wonderful point in life where we take mature steps towards our future, meeting many friends, choosing our majors, finalizing our careers, and preparing for the challenges of the real world. I have gone through a lot of bumps during the first few semesters, but I've also enjoyed the ride in between. This has been an amazing ride, no matter the struggles I have faced. Many a times, I heard people complain about college life, saying that they could have done much more, but in my case, it is the best experience one could have had. I still remember the first day of college, wandering hither and thither, surrounded by strangers. I felt I was Alice in Wonderland, so much to see, so much to explore, full of fears, and unsure of the future.

Editorial

Dear Readers,

As we stride into the heart of summer, we are excited to bring you a fresh collection of insights and updates in this month's newsletter. Our aim, as always, is to keep you informed and inspired by the developments and to highlight the opportunities that lie ahead.

One of the highlights in this month is the much anticipated Departmental Tour organised by the Department of Education, History and Sociology to Kolkata, West Bengal. The students and teachers alike visited famous landmarks which must have been a sight to behold.

Additionally, we are thrilled to introduce two new faculty from the Department of English and Education. Thank you for being a part of our journey.

As always, your feedback is invaluable to us. We encourage you to share your thoughts and opinions. Our goal is to provide a platform that not only informs but also engages and connects our vibrant community of readers.
